FOOD PROCESSING TECHNOLOGIES

AGROMETAL FOOD TECH LTD.

Dairy and brewery

Our products and services

- Milk and dairy product processing plants and equipment
- Complete breweries and brewery equipment
- Cooling equipment (aggregates, heat exchangers)
- Pasteurisers for breweries, wineries and other drinks
- Milking machines for cows, goats or sheep
- Confectionary equipment (e.g. for special chocolates)
- Bacteria fermenters to degrade oil in an environmentally friendly method

“ Turn-key technology is our expertise! ”

Our value proposition

Turn-key technology is our company's expertise! We offer small-capacity cheese making and brewing equipment to complex processing lines and large scale fully automated plants. With many decades of experience, our partners can rely on us in every period of the partnership from educating their operators to brand management and marketing. Our approach covers all phases including: design, production, transport, mounting, operation, training and transfer of technologies.

Our equipment combines the age-old traditions of milk processing and brewing with the most modern and reliable technical solutions and hygiene requirements of the 21st century. Our high-performance plants are known for their high-level of automation and low operating costs.

Who we are

Agrometal is an innovative Hungarian company established in 1989, developing and manufacturing turn-key brewery and dairy plants for clients in Europe and Asia.

Our work

From Berlin to Kamchatka our reference plants fulfill the strictest and newest quality standards and our equipment is present in more than 195 factories from Hungary to Austria, Germany, Croatia, Bosnia-Herzegovina, Serbia, Romania, Ukraine, Russia and Kazakhstan. Our excellent work has been recognized by national and international awards including the Superbrand award in 2010 and in 2011.

Our company is certified by EUROPEAN CERT and we are working according to ISO 9001:2008 quality assurance standards which are regularly audited.

www.agrometal.info

BEST IN CLASS MILK AND DIARY PROCESSING AND PLANT SOLUTIONS

We unite the traditional milk processes with the most up-to-date technical solutions and hygienic requirements of the 21st century.

Our machines produce well-known products like milk, sour cream, yoghurt, yeast fermented products, cheese or cottage cheese but special products such as ricotta, curd snack and whey drinks. These products require the most modern technology.

While our small capacity machines are easy to handle, the biggest capacity plants are highly automated.

Our and your success is guaranteed by building turnkey dairy plants and processing lines, educating your operators and sharing with you the recipes of the best dairy products.

TURNKEY BREWERY SOLUTIONS FROM PALE AND DARK, LAGER TO PREMIUM QUALITY BEERS

Our company provides the full procedure and production-line for small and medium sized breweries to brew excellent quality beers accustomed particularly for the local demands.

We plan and carry out the breweries by using the most modern and efficient technologies.

We unite the traditional brewing technologies with the strictest hygienic requirements using the most up-to-date materials.

We license the technology of our registered "KELLERS" beer range. In this range we can provide pale and dark, lager and premium quality beers.

SAMPO FOOD PROCESSING TECHNOLOGY LTD

Slaughterhouse and meat processing technologies

Our products and services

- Design and installation of complete slaughterhouse solutions
- Design and installation of complete meat processing plants
- Manufacturing of slaughterhouse and meat processing machines and equipment
- Manufacturing of hygiene equipment
- Repairs, modernization and automatization of equipment and plants

“Complete meat processing technologies and individual solutions out of one hand.”

Our value proposition

Our goal is to design, create and build complete meat processing technologies solutions that meet each customers' unique need and to constantly develop and improve our technology offering.

We offer complete slaughterhouse and poultry meat-processing plants including custom-built machines and equipment that are unique to the Hungarian market.

Our technology synchronizes our automatized systems from start to finish. Starting with livestock handling, through the evisceration process and the hygienic packaging of the end product.

We strive to balance the interests of management and employees in our commitment to satisfy our clients.

Who we are

Sampo Food Processing Technology Ltd. was founded in 1990 and focused initially on the design and manufacturing of stainless steel food processing equipment.

Building on this expertise, we today work with a dedicated team of 45 employees and can offer the complete design, manufacturing and installation of slaughterhouses and meat processing plants with solutions unique on the Hungarian market.

Our work

We currently export our products and solutions to Germany, Ukraine and Slovakia.

Our manufacturing processes and final products are fully compatible with all European Union health, hygiene and design standards including HACCP. All manufactured products are fully CE certified.

www.sampo.hu

HIGHEST QUALITY IN HOUSE DEVELOPED AND MANUFACTURED EQUIPMENT FOR ALL TYPES OF LIVESTOCK AT COMPETITIVE PRICES

Range of semi-automated and fully automated systems

- Overhead conveyor system (stainless steel flat-track and pipe-track and galvanized pipe-track with plastic lining) - Loading systems and elevators
- Conveyor belts, frames systems
- Conveyor belts, PLC-controlled conveyor systems

Slaughterhouse and meat processing equipment

- Stunning and killing machines, bleeding equipment
- Scalding tanks, de-feathering machines
- Evisceration machines (manual and automated)
- Cut-up equipment
- Balances from bench scale to truck weighing
- Smoke carts and skewers

Hygiene, cleaning and refrigeration equipment

- Pumps, waste water filtering and cleaning
- Hand-basins and boot-washers
- Crate washer machines
- Disinfectors
- Refrigeration systems and equipment

KORAX MACHINE FACTORY LTD.

Slaughterhouse and meat processing technologies

Our products and services

- Slaughterhouses technologies for poultry and other cattle
- Meat processing machinery (e.g. conveyor belts, cooking-smoking chambers)
- Hygiene and cleaning equipment (e.g. box washers)
- Waste water and sewage treatment technology

“The mixed portfolio of slaughtering technology, food processing and machinery production is the key of our success.”

Our value proposition

Our corporate philosophy is based on the objective to provide our customers with the most comprehensive service offering at the highest possible quality, both in design, manufacturing, assembly, as well as in the provision of service.

Beyond production, we focus on research and development to meet the high and expectations and advanced needs of our customers. For this we employ of 120 qualified employees including 17 engineers and 5 sales managers.

Who we are

Found in 1986, our Hungarian-based company has been specialised in slaughtering technology, food processing equipment and machinery production.

Over the past 20 years, we have developed our own products, systems and process lines. Aside from our main products, we also deal with sewage treatment technologies, box washers and create custom-built equipment.

Since 2006, we have started the production of solar panels. Today, Solar Korax is one of the largest solar cell manufacturer in Central Europe.

Our work

Our food processing and conveyor products and solutions are sold across Europe, Moldavia, Russia and Laos to food processing and pharmaceutical companies.

Our company has received several awards for its innovative technologies and development projects. We are certified by SO 140001:2004, OHSAS 18001:2007 and ISO 9001:2008.

www.korax.hu

KORAX

PIG AND CATTLE SLAUGHTER TECHNOLOGY

FOOD PROCESSING EQUIPMENT AND MACHINERY PRODUCTION

We have 30 years of experience in producing small and medium size pig and cattle slaughterhouses and different kinds of meat processing machines.

Starting with technology planning, machine planning, we manufacture and install your equipment and production line and include service assistance and spare part support.

We provide the complete process equipment from slaughtering, processing, hygiene to sewage water treatment:

- Slaughterhouse equipment such as stunning and killing machines, bleeding equipment or cut-up equipment
- Food processing equipment such as cookers, smokers, carts, fat processing lines, filling and cleaning tables, grinders and mixers
- Hygienic and sewage water treatment equipment including box washer, floor drains, filters, chemical dosing systems

CONVEYOR BELTS AND MATERIAL HANDLING SYSTEMS

Our transportation system is able to transport different kind of crates and pallets. It is built on rolls and belts, in horizontal and oblique formations. We also have several kinds of elevators.

Our references come from the meat industry and the pharmaceutical industry.

KALINA BARREL LTD.

Oak barrels

Our products and services

Kalina Barrel Ltd. manufactures naturally-seasoned (24-36 months) oak barrels between 50 and 500 litres (13.2-132 gal.) for wine, whiskey and spirits.

“*Our credo: For us, the case of the barrel is a matter of trust, so the barrel is the innermost confidential relationship between the cooper and the wine maker.*”
(Jókai)

Our value proposition

- **The Zemplén Oak:** Our finest barrels from Central Europe made from the venerable oak forests and in a particular the steep, rocky and cold region of Tokaj. Due to the pleasant aroma and color added during the maturing process, our barrels are highly sought after by wine makers in USA, Austria, Hungary and Germany.

- **Firing the Barrel:** The essence: after open air seasoning of the wood for 2-3 years, we fire the barrels with dried Zemplén oak wood. With the most modern technology, we control time and temperature to offer different toasting levels.

- **Respect for Mother Nature:** Oak trees are more than 120 years old when cut, therefore, we combine traditional workmanship with the most modern technology to minimize the loss of wood in processing.

Who we are

Kalina Barrel Ltd is based in Tállya close to the Tokaj in Hungary. We are a third generation family cooper business run by five brothers who inherited the beauty and love of the trade from our father. The philosophy of the firm and the best promotion are our satisfied wine makers for which we constantly improve the interaction of the three most important ingredients: Wood, fire and wine. Today, Kalina's workshop is considered one of the best artisan cooperages in Hungary with an annual capacity of over 3000 barrels.

Our work

Our barrels are exported to winemakers and spirit producers in Europe, Austria and the USA. Our barrels are made to our highest standard, the KKÜ 07-1959, the „Barrel Making Home Standard of the Kalina Cooper Trade“ which is altered to the individual request of our customers.

www.hungarianbarrels.com

BARREL OF GÖNC

136 LITRES 36 GALLON

A traditional winery liquid measure by the Tokaj wine makers, this 136 litre oak barrel is a nicely-shaped heritage barrel we keep close to our hearts.

BARREL OF SZEREDNYE

220 LITRES 58 GALLON

The most popular barrel among Tokaj wine makers has an optimal container and maturing capacity. Its classic barrel shape is spacious.

BARREL OF BORDEAUX

225 LITRES 59 GALLON

The most beloved and popular wine barrel in the world due to its longish, cigar shape which exposes the wine to a larger wooden surface during maturing.

BURGUNDY BARRIQUE BARREL

228 LITRES 60 GALLON

With the same qualities and capabilities as its younger and more popular Bordeaux brother, this barrel holds 3 litres more in volume.

GREAT OAK BARREL

500 LITRES 123 GALLON

The largest barrel produced, highly favoured in the Tokaj mountains, with almost 110 kilo weight when the 3-year-old dry oak is soaked.

DILACO LIGHTING LTD.

Poultry lighting

Our products and services

Unique poultry LED lighting able to manage the most complicated lighting tasks.

“The new generation of agri lighting.”

Our value proposition

We offer an innovative solution to poultry lighting needs. Our energy-saving “High Power LED” lighting system design, manufacturing, distribution and technical assistance for fowl keeping makes us a leader in our field.

Benefits include:

- Improvement of egg production intensity
- Egg weight improvement
- Long lifetime (50 000 h)
- Even 90 % energy-saving
- Low current reception, 3 watts/lamps
- High operation reliability, low voltage circuit
- Space-saving, cost-efficient technology, great range of colors
- Dimmable (0-100%)
- Light control according to fowl keeping technology specifications
- Simulation of dawn and dusk
- Quick and simple installation
- Better feeding value
- Improvement of gain in weight
- Quicken earlier sexual maturity
- Extension of laying period
- Less stress
- Production improvement
- Less scraps and perished animals

Who we are

With more than 30 years of engineering experience behind us, Dilaco Lighting Ltd. is the sole developer and producer of the new generation of poultry lighting which not only breaks with traditional lighting but exceeds common LED technology.

Our optical controlled system can cover the whole barn's illumination without dark spots and manage to maintain homogeneous brilliance even in multi-layered caged and voliere type barns without unnecessary light-pollution.

This is a solution specifically designed for agricultural duty and fits every method of keeping and every type of poultry.

Our work

Dilaco is currently marketed in Hungary.

www.dilacolighting.com

INNOVATION AT 16 POULTRY FARMS IN HUNGARY

Dilaco Lighting Ltd. has developed innovative agricultural lighting systems featuring long life spans, extraordinary cost-effectiveness and low environmental impact.

Along with these benefits, our lighting takes into consideration animal welfare guidelines and strict European Union directives. These systems are excellent for all breeds and farming methods. They have a range of 0-100 Lux and feature High-Power and COB LEDs.

Our systems are:

- Open for manual modification
- Pre-installed with lighting programs for breeders
- Delivered in a ready-to-use IP65 protected switchbox

For relatively costly lighting systems that meet all the above requirements, the payback period can be as short as 1 or 2 years.

ZIP TECHNOLOGIES LTD.

Brewery systems and equipment engineering

Our services

At ZIP, we are your service partner throughout the entire brewery development process through our service offering:

- Choice of location and consultation
- Customer-orientated equipment design and manufacturing
- Engineering plans and equipment layout
- Business plan for the brewery
- Beer recipe development and raw materials sourcing
- Complete assembling and commissioning at brewery site
- Personnel training
- Equipment warrantee and after sales service

Our products

- Brew systems from 250 to 4000 liters
- Restaurant breweries with table tap systems
- Tanks and vessel
- Hopping equipment
- Accessories (e.g. keg cleaning & filling, bottling, level)

“ *Make beer not war* ”

Our value proposition

We are in this business because we love it. We love guiding you through the exciting process of building a brewery. We design your brewery equipment, fit it into your concept and literally bring your vision to life. We consider our clients as partners, our relationships with them spanning through decades.

Brewing equipment developed by ZIP is forward-thinking. Our goal is to make brewing enjoyable and seamless and bring to a small scale the technology, consistency, automation and control usually only enjoyed by mammoth breweries.

Everything we do, we do with a meticulous eye for the maximum level of quality, consistency, durability and reliability.

Who we are

Established in 1993, ZIP Technologies manufacturers brewing equipment and provides complete, turn-key brewing solutions for the brewpub, craft brewery and microbrewery industries.

Our work

With over 22 years in the brewery industry, over 125 breweries operate our equipment globally from Europe, Asia, Africa to the US.

Our team of 31 engineers and 60 specialist ensure the best technological solutions and we are dedicated to maintaining a sustainable environment using the most efficient production processes. Our manufacturing plant, located in Miskolc, Hungary, operates on a 7,000 m2 space and is fully EN ISO 9001:2000 certified.

www.ziptechnologies.eu

ZIP Technologies
COMPLETE BREWING SOLUTIONS

ZIP'S BREWPUB EQUIPMENT

A different kind of restaurant that is on pace with today's trends in gastronomy, a brewpub restaurant features brewing equipment on display for the guests. Beer is freshly brewed, fermented, served and consumed on premise. Brewpub equipment manufactured by ZIP is designed to fit the needs of your restaurant.

With over 20 years of experience working in restaurant spaces in locations ranging from ancient cellars to floating ships, the team at ZIP understands multiple challenges you face when fitting a functioning brewery into your restaurant. We aim to combine form and function in the design so it results in a beautiful product that isn't simply a design feature, but also an active part of your business.

In order to serve a diverse range of partners, ZIP has expanded its product offering and provides the equipment, different in accessorization, automation and design.

ZIP'S CRAFT BREWING EQUIPMENT AND ACCESSORIES

Micro-breweries are usually tooled up with equipment that allows for the production of over 1.000 liters of beer per shift, but every micro-brewery is different – our engineers will design the right brewery that is fit for your business goals.

The development of brewing equipment for such projects typically begins with a comprehensive consultation during which an understanding of the exact needs of the investor is obtained, including desired beer output, amount of desired beer types, sales and distribution methods. Based on this, a brewery concept is developed.

ZIP's line of accessory quipment includes:

- UNI-tanks
- BBT(DRUCK) tanks
- DUO-tanks (with inliners)
- Manual/automatic keg filler-cleaner
- Dry Hopping equipment

COSMETICS
AND CONSUMER
HEALTH CARE

PHARMAFIT SPORT LTD.

Therapeutic creams and gels

Our products and services

High-quality products based on the power of concentrated active herbal substances for sport-related joint and muscle problems

- Richtofit Sport Cream
- Richtofit Rapid Aktiv Sportsgel
- Richtofit Herbal Massage cream
- Richtofit Cold Sore Gel

“*Tested and approved by Olympic Athletes*”

Our value proposition

There are universal values which are cherished by all people: good health. This is what we want to support with truly innovative products.

Who we are

The history of the Richtofit brand goes back to the early 1980s when the research team of Richter Gedeon pharmaceutical developed Richtofit SPORT to help professional athletes and sport enthusiasts to warm up their muscles before sports activities and regenerate tired, muscles and fatigue-fever.

Based on a carefully selected and unique complex of active herbal ingredients, the product was clinically tested with professional sports players and researchers at the College of Physical Education.

Richtofit is the official sports cream of the Hungarian Olympic Team and has been used by hundreds of thousands of sports players since the 1980s.

Hungarian-owned Pharmafit Sport Ltd was established in 2012 to manufacture, market and distribute the original Richtofit SPORT Cream and to continuously develop innovative herb-based health and cosmetic products.

Our work

All cosmetic products are manufactured under ISO 22716 (cosmetic GMP) and our medical Device products under ISO 13485 (MD GMP) and comply with the EU CE certification. We distribute our products within the EU, Russia and CIF, Latin America and the Far-East.

<http://richtofitsport.hu/en/>

RICHTOFIT **SPORT**

SPORTS CREAMS FOR EVERY ATHLETE

Richtofit Sport Cream is ideal for targeted local treatment of muscle and joint complaints in sports, at work and in everyday life. It promotes healing for muscle spasms, exercise pains, muscles strains, pulled muscles, bruises and sprains.

Richtofit Rapid Active Sport Gel

provides fast and effective help in preventing and treating sport injuries and soothing muscle pains. Its gel format delivers a fast cooling and relaxing effect. It provides immediate relief - soothing pain, fatigue and fever and treats muscle strains.

Richtofit Herbal massage cream with its unique herbal-based Richtofit Komplex Formula is suitable for the massage of painful legs, back and neck.

Richtofit Cold Sore Gel treats cold sores by soothing its symptoms and promoting healing during the whole cycle of the cold sore outbreak, from the first symptoms (tingling, itching sensation) until they disappear. This product is based on the essence of several specially selected and clinically tested herbs with no side effects.

SZEMES 007

Therapeutic devices and supplements

Our products and services

- BEMER Physical Vascular Therapy
- Flavon Nutritional Supplements

“*Everyday health*”

Our value proposition

Szemes 007 brings two high-quality product lines to the health and exercise realm.

BEMER:

- BEMER is an international market leader in the field of vascular health and microcirculation, conducting research and developing patented treatment methods since 1998.
- We carry a variety of parts and accessories allowing our two BEMER equipment systems, BEMER Pro and BEMER Classic, to target physical vascular therapy, skin disease, sleep issues, spot therapy, regeneration processes and more.
- Double-blind studies have affirmed the effect of certified BEMER devices as applied to physical vascular therapy.

FLAVON:

- Award-winning nutritional supplements made from over 30 raw fruits and vegetables rich in anti-oxidants and flavinoids.
- Developed by research and flavinoid expert, Prof. Dr. Dinya Zoltan.
- Our product line includes 8 products including: Flavon Active, Flavon Protect, Flavon Max, Flavon Kids, Flavon Max+, Flavon Green.
- Contains no preservatives and boasts a high ORAC value.

Who we are

SZEMES 007 Ltd. was established in 2007. We offer BEMER, our line of vascular therapy technology and FLAVON, a line of award-winning natural dietary supplements. Our products are backed with scientific research. We rise to the highest standards of excellence, with high-quality product lines and work processes.

Our work

Szemes 007 serves medical device distributors, health centres, hospitals, clinics, hotels and sports clubs in the Balkan, Middle East and Arab Countries, Asia, the Far East, Central and Eastern Europe.

BEMER is an officially approved medical device in EU, class II a (93/42EEC, CE0483). FLAVON holds the ISO 22000 and national certificates, ORAC test.

www.emegoldas.hu

BEMER
PARTNER

BEMER PHYSICAL VASCULAR THERAPY INCREASED CIRCULATION HEALS THE BODY

Too much stress, too little sleep, an unbalanced diet, unhealthy lifestyle habits, illness and of course aging, restrict and disturb blood circulation, slowing down the pumping movements of the smallest blood vessels of our bodies. Poor circulation leads to accelerated aging of the cells and is a reason for many ailments and diseases.

BEMER Physical Vascular Therapy can counter this and boost blood flow, benefiting the body's cardiac system, regenerative abilities and even mental acuity.

With the help of electromagnetically transmitted signals, the BEMER Physical Vascular Therapy system stimulates the pumping movement of the smallest blood vessels, normalizing circulation in a given area. Increased circulation allows the body to better fight disease and pain, heal wounds and increase energy.

The new BEMER Physical Vascular Therapy system represents the most researched and effective physical treatment method used in preventative and complimentary medicine today. Just 8 minutes of use, twice per day, is scientifically proven to bring health benefits to any user.

BETTER HEALTH THROUGH FLAVON NUTRITIONAL SUPPLEMENTS

Flavon presents award-winning natural nutritional supplements that help develop a balanced diet rich in vitamins, minerals and antioxidants in children and adults alike.

Our products are made from more than 30 carefully selected raw fruits and vegetables and do not contain any preservatives, ensuring that the vitamins and active agents found in fresh produce remain intact. Our manufacturing technology is based on years of research and use a special procedure which extracts moisture from fruits and vegetables without using heat. Our Flavon product line is made from anti-oxidant and flavonoid-rich berry fruits and vegetables which can be most efficiently utilized by the human body.

Flavon has received accolades including the Enterprise of the Future (2015), the Monde Selection Grand Gold Award (2014). Flavon is based on the work of Prof. Dr. Dinya Zoltan, who has devoted his life to the physiological effects of plant materials with a specialty in flavonoids. During his career he has written 200 scientific publications and eight books covering his research. He has been a key member of the Flavon team since 2005.

ZADOR EUROPE LTD.

Skin care

Our products and services

Manufacturing and retailing soap products.

*“ Tradition, Purity,
Innovation and Style ”*

Our value proposition

We believe that the combination of traditional techniques and modern processes with high-quality natural ingredients, results in the creation of a high-end product. Our beautifully scented soaps are infused with healing thermal water from Lake Hévíz. Plant-based and triple milled, then hand-wrapped in award-winning packaging, our soaps truly stand out and are of superior quality.

Who we are

Since 2014, our manufacturing facility is located in a traditional old house with modern service rooms in Pécsely, at the bottom of Zádor Castle. Pécsely, a little village with a population of 600 and with an abundant natural beauty. Our products – made of the highest quality, organic raw materials of the region with more than 1000 years of history – are manufactured and packaged here, in the heart of the Balaton Uplands.

Our work

ZADOR products are CE certified.

www.zador.com

ZADOR IS A SOAP LINE

INSPIRED BY THE PEACE, FRESH AIR, AND STUNNING LANDSCAPES OF NATURE, REFLECTING THE SPIRIT OF THIS UNIQUE ENVIRONMENT

ZADOR Soap uses a triple-milled production method originating from traditional French soap manufacturing of the early 1700s. During the production process, soaps are pressed by steel rollers, compressed, and refined several times, evenly distributing ingredients. Every single piece of soap is compressed by a hand-driven tool to shape it into its final form.

ZADOR Soaps have a beautiful appearance and simple design. As a final step, our soaps are packed by hand, for final quality control.

EACH BAR OF ZADOR SOAP IS
MADE BY USING THERMAL WATER
OF EUROPE'S LARGEST HEALING WARMWATER LAKE, LAKE HÉVÍZ

Perfume and inspiration have always gone hand in hand; this is why ZADOR soaps' fragrance collection combines tradition with curiosity in the following scents:

- FIG - PEAR
- LAVENDER - VERBENA
- COCOA
- PAPRIKA
- ROSE
- CHERRY BLOSSOM
- RED GRAPE
- PURE

One of the key ingredients of our products is Shea butter with exceptional moisturizing and skin-regenerating effects. The high vitamin E content of vegetable oils ensures the durability of ZADOR soaps without the additions of any artificial substances.

NOURISHING EVERYDAY SOAP BARS
WITH SKIN HEALING PROPERTIES

Our objective is to meet the best internal and external quality. This final phase of the handwork makes our products come alive and fills them with love.

KONOGENEX LTD.

Skin Care

Our products and services

Stem cell based creams and lotions

“*The Secret of Youth*”

Our value proposition

One of the greatest opportunities of the 21st century is the discovery and use of active, natural ingredients which help people look youthful. Plant stem cells, when topically applied through cosmetics, can be transferred to the deeper layers of skin, support the reproduction of the skin's own stem cells. Re-generation of skin, smooths wrinkles and helps ease or reverse the aging process.

Plant stem cells promote the vitality and longevity of skin stem cells, supporting cell re-activation and helping to reinforce firmness and elasticity of skin. Our products are free from parabens.

Who we are

With more than 30 years of expertise in the cosmetics industry, Kovács-Zombai Leonóra, one of the founders of Herbaria, brings a new company and a new luxury product line. KoNoGenex, founded in 2014, begins its debut with Lilith.

Our work

KoNoGenex products are CE certified.

THE LILITH KONOGEN FAMILY HELPING AGING SKIN RETAIN A YOUTHFUL LOOK

The Lilith KoNoGen Family contains four products to help ageing skin retain a youthful look.

Lilith Day and Night Face Creams: Thanks to the extract of plant stem cells these creams improve the elasticity of skin. Hyaluronic acid and Argan oil slow down the aging process reducing the appearance of wrinkles, smoothing and softening the skin.

Lilith Whitening Cream: Using all natural ingredients like shea butter, jojoba oil, vitamin E, vitamin A and albutin, this whitening cream has a skin lightening effect, lightening darker spots (hyperpigmentation) on hands, face and body and helping delay the premature aging of skin cells.

Lilith Tonic: Lilith face tonic gently and effectively cleanses and tones facial skin, reducing wrinkles, moisturizing skin and vitalizing skin with vitamin E.

LILITH

www.lilithcosmetics.com

THE LILITH YOUNG FAMILY KEEPING YOUNG SKIN BALANCED AND HEALTHY

The Lilith Young Family contains three products to help young skin stay balanced and healthy.

Lilith Young Day and Night Face Creams:

These innovative creams use witch-hazel, comfrey and marigold extracts to care for the skin.

Lilith Young Tonic:

This face care tonic gently and effectively cleanses and tones the skin. Horse chestnut and aloe vera extracts combine to gently cleanse and tone facial skin. Vitamin E, shea butter and jojoba oil nourish and vitalize young skin.

THE LILITH GOLD FAMILY LUXURY CARE FOR YOUR SKIN

The Lilith Gold Family provides a new level of skin-care, focusing on healing inflamed and damaged skin with a major focus on deep moisturization. Lilith Gold includes three creams rich in natural ingredients like donkey milk powder, karst water, colloidal gold and rich vegetable nutrients.

Donkey milk heals blemishes with a composition most similar to human breast milk. Coloidal Gold, plays a major role in the delivery of moisturization to deeper layers of your skin. Mineral components found in karst water, contribute to the optimal functioning of your skin.

Lilith Gold Day and Night Face Creams: Lilith Gold brings you both a day and a night cream rich in natural ingredients like shea butter and jojoba oil. Our day cream includes pumpkin seed oil, evening primrose oil and avocado oil to nourish the skin during the day. It contains vitamin A and vitamin E which have antioxidant effect. The marigold extract provides anti-inflammatory effect. The moisturizing effect of the aloe vera ensures elasticity of facial skin. Our night cream includes horse chestnut extract, promoting congestion and fading skin defects. The product is free from parabens.

Lilith Gold Eye Cream: Innovative skin care ingredients nourish found in both our Gold Day and Night Creams, smooth and fill the sensitive skin around the eyes. Its components delay the premature aging of cells, increase the vitality of skin cells and reduce wrinkles. Our Eye Cream features SESAFASH is a multicomponent agent containing hydrolysed sesame protein providing a very quick and noticeable firming and anti-wrinkle effect on skin.

A modern living room with a staircase, a sofa, and a fireplace. The room is bright and airy, with large windows and a minimalist design. The staircase is made of dark wood and has a metal railing. The sofa is a light-colored sectional. A glass fireplace is in the foreground, with a fire burning inside. The overall atmosphere is warm and contemporary.

DURABLE CONSUMER GOODS

MANOOI

Home furnishing and retail design

Our products and services

Custom-made crystal chandeliers

“ We are passionate about bringing light to your in its purest form. ”

Who we are

Manooi is a Budapest-based company specializing in crystal chandeliers of the highest quality. With its timeless designs and legendary quality in crystal manufacturing, Manooi offers an extensive range of chandeliers for any settings (from classic to modern) with an aim to re-create and enhance the positivity of natural light in homes, public building, private residences to hotels, restaurants and retail outlets; creating new universes every day.

Our work

Manooi work with architects around the world, developing special light installations for their projects. Year after year we are excited to present Manooi's latest collections to our loyal international clients, many of them are art loving individuals with a constant desire for new and powerful aesthetics. The demand for a more personal design led us to experiment with new materials, design accessories and furniture.

Our value proposition

MANUFACTURE: The Manooi atelier is where these magnificent light creations take shape. Every Manooi design is the product of long hours of expert workmanship. It doesn't end here; Manooi's quality control procedures ensure it undergoes a rigorous inspection process such that it meets and exceeds the highest standards in the industry. A special area of the atelier is dedicated to the expert design of Manooi's bespoke chandeliers and to product development.

MATERIALS: Crystals emerged as the component of choice and remain the quintessential material of Manooi chandeliers. Reflecting and refracting the light, these universally-loved gemstones are statement-making, and create a remarkable effect. Manooi chandeliers' stainless steel frames can be gold-plated to match the interior and are assembled with specially designed and manufactured fittings. The use of special light bulbs and wiring ensures the longevity of these light creations, guaranteeing decades of illumination.

www.manooi.com

ILLUMINATE YOUR LIFE

Founders, Judit Zoltai and János Héder, have nurtured and evolved the Manooi atelier into what it is today. Their vision grew out of their own personal experiences, beliefs and expertise. Inspired lead designer János invites us to experience a new world in lighting. **“Light creates space – as an architect I work with light sources as determining elements of a given space.”**

- Inspiration is drawn from the world around us and found in natural sources of light.
- Simple geometrical shapes create harmony for the human eye.
- Timeless, contemporary designs transcend passing trends.

NOVO QUADRATUM LTD.

Home furnishings

Our products and services

Furniture: Production and trading of unique shelves.

“ *Simply fitting* ”

Our value proposition

Our beautiful shelves have a design unique to the industry. Most of our finishes are 100 % waterproof, so they can be placed in wet, or humid places or even outdoors. Our shelving systems can weigh 6-7 kg, though the load-bearing capacity can be up to ten times stronger. Options like colour, veneer finishes and hidden lighting lead to truly breathtaking impressions.

Who we are

Since 2012 Novo Quadratum has been creating unique and exclusive furniture with 15 years of furniture making experience.

The plans of the shapes are born through digital programs and conform to strict feasibility standards before they receive their highest quality hallmark, the Novo Quadratum logo.

Our work

All of our products are handcrafted in the EU.

UNIQUE SHELVING

LIGHTWEIGHT DESIGN AND EASY INSTALLATION

Novo Quadratum makes beautiful and unique shelving using special materials and designs. Our material and production technology enables a special curved shape in our elements and allows for an unmistakable intertwining of components. A variety of colours enable the customer to realize different ideas.

Fornicatus Arched Novo Quadratum Shelf System

In this shelf system arched or wavy elements are used. Our arched pieces are produced individually, manufactured in a moulding press

Angulus Novo Quadratum Shelf System

This special shelving system enables these special shelves to be mounted in corners.

Lignum Veneered Novo Quadratum Shelf System

Lignum means wood. The elegance of this veneered wood surface in combination with the Novo Quadratum design makes for a lovely showcase piece.

Area Separatio Novo Quadratum Shelf System

These special shelves consisting of traditional elements serves as a vertical room divider.

Shoes, apparel and accessories

Our products and services

Production of shoes, apparel and accessories which are designed by Hungarian artists.

“*Life is my masterpiece*”

Our value proposition

High-quality uniquely designed pieces made by Hungarian artists in limited quantity. Artistic fashion. Unique streetwear. We are proud ourselves in our customer service, satisfying our customers needs with creative premium products, special collections and limited-edition products.

Who we are

Dorko is a Hungarian fashion brand, founded in 2013 with the aim of connecting art with fashion and artists with ordinary people. We want to create things which are unique, eye-catching and interesting.

The basis of our brand comes from the vision to help local young artists get into the spotlight and to support their art, imagination and development. We collaborate with the best young sculptors, fashion designers, street and tattoo artists, musicians, and architects.

Our work

Among our partners are premium brands, special collections in footwear, apparel and accessory lines. We work together with big brands like Nike, Vans, Adidas, Converse, Djinn's, Cayler & Sons. DORKO products are CE, ISO, FDA certified.

OFFERING PREMIUM BRANDS' SPECIAL COLLECTION AND UNIQUE PIECES.

EXTRAORDINARY DESIGN FOR EXTRAORDINARY PEOPLE

DORKO presents fresh, unique collections from Hungarian artists in partnership with premium brand products, special collections and limited-edition pieces. We cooperate with young local artists of all types and big brands like Nike, Converse and Adidas to bring a unique artistic offering to fashion.

We hope to expand into brick and mortar stores abroad, raising the profile of young Hungarian artists internationally. We plan to partner with musicians, artistic and cultural institutions and universities, bringing a new line of unique designed merchandise products to the world and increasing our distribution lines.

DORKO - DESIGNED BY HUNGARIAN ARTISTS
EVERYDAY PEOPLE WITH ALTERNATIVE TASTE IN STREET FASHION

Our product line offers a spring/summer and winter shoe collection. Shoes and apparel are designed in Hungary using Hungarian designers and local artists.

We produce our goods in Hungary, China, Vietnam and India. Different products are made with different technological industry implementation.

We want our clothing to act as a canvas, spreading art and a message to the people. We support special organizations and movements because we care for our city, our country, our world and our problems.

CONNECT FASHION WITH ART

We aspire to have our own Szinga Sport brand, connecting fashion with art. We hope to support Hungarian designers and artists in presenting their own designer shoes and apparel in and out of the Hungary.

VARIQ WORLD

Pre-fabricated luxury cabins

Our products and services

Innovative tailor-made luxury cabins with intelligent controls and variable layouts for virtually any set up.

- Spa and wellness cabins
- Home cinema or cigar rooms
- Easy-to-relocate salons
- Garages
- Mobile offices
- Pavilions for catering functions

“*Intelligent luxury cabins – without limitations*”

Our value proposition

We offer Hungarian-developed and patented premium category outdoor cabins built exclusively to individual specifications.

The expertise, complex reasoning, customer-oriented approach and enthusiasm of our colleagues guarantee the high quality and long service life of our products.

The VARIQ team includes interior designers, mechanical and electrical engineers, controllers, product managers and experts in IT, communication, PR and business.

Do not compromise. Choose VARIQ intelligent luxury cabins – choose the technology of the future!

Who we are

VARIQ was built on the vision of Csaba Pődör in his mission to strive for excellency as an engineer and several-time Hungarian kick-boxing champion, World Cup winner, and World Championship finisher.

“While training and running in a forest, I envisioned I could stop right there and relax in a hot sauna, while enjoying the purity and harmony of nature and watching the birds and the swaying of the trees in the gentle breeze. On my way home this thought turned into an idea, which later materialised in the VARIQ brand.”

Our work

VARIQ is the elegant harmony between variability, intelligence, and quality. The perfect answer to harmonise nature with the most cutting-edge technologies.

VARIQ LUXURY CABINS

FOR SPORT, WELLNESS AND NATURE

Our ready-to-use cabins come fully equipped and furnished and can be set up almost anywhere to provide the perfect location for therapeutic and health-related services.

They can be customized to suit any specifications. Our cabins can be used as cryotherapy (cold shock) chambers, salt therapy rooms, various types of saunas, Jacuzzis and more.

Cabins can be fit together and turned into a complete beauty centre offering a complex range of services.

VARIQ LUXURY CABINS

UNLIMITED OPPORTUNITIES FOR BUSINESS

Set up on tiny lots or in public spaces, VARIQ cabins can be set up for various functions.

Mobile offices, conference or presentation rooms, smoking rooms, mobile garages or a sound-proofed home cinema.

Each cabin can be easily branded, transported and relocated and are a perfect solution for road shows.

Cabins can be fitted together in any formation for novelty and spectacular design.

High-quality engineered wood floorings

“Naturally, from wood!”

Our value proposition

BEFAG offers high-quality engineered wood floorings with special surface treatments at a good value.

Who we are

BEFAG is a Hungarian parquet manufacturer featuring innovative, high-quality engineered wood floorings. Our 35 years of experience has positioned us as a solid and financially mature company.

Our mission is to produce and sell a wide range of high-quality and up-to-date products, using flexibility and innovation. We aim to have the best personal relationships with our buyers.

BEFAG anti-bacterial wooden flooring was awarded the “Hungarian Quality Product Award” prize in 2012.

Our work

BEFAG is located in Western Hungary, providing access to delivery routes through all parts of Europe.

Our products with the brand name PanLoc are produced by using the lock-license of the Swedish company Välinge.

BEFAG WOODEN FLOORING

BRINGS NATURE INTO YOUR HOME OR OFFICE

Wooden surfaces have always been a popular way to bring the peace and beauty of nature into your home or office.

Several decades of professional experience, a committed staff and our regularly upgraded production technology guarantee that **BEFAG wooden flooring** will enable you to create the harmony you are striving for.

This is an environmentally friendly product created using state of the art technology. Its eight layers of lacquer incorporate ceramic particles that contain silver ions, preventing the growth of bacteria and fungi found on floor surfaces. STRUCTURE: **BEFAG wooden flooring** consists of three parts. The lower and the middle layer are made of pinewood. The top layer is made of hard wood, available in various colours adjustable to the atmosphere of the space. Hard woods include Oak, Black Walnut, Turkey Oak, Ash, Acacia, Wenge and Doussie. Our woods come in a variety of hardness to accommodate traffic patterns and use.

1. PINEWOOD VENEER
2. PINEWOOD LATH
3. TOP LAYER MADE OF HARD WOOD
4. VARIOUS SURFACE TREATMENTS
