REMARKS:

The negotiations between the EU and Mexico were launched on 13-14 June 2016. In order to receive relevant input for this negotiation process, the Commission would like to offer the opportunity to interested stakeholders to share their views on what they consider key aspects to be addressed through the modernisation. The Commission has posted an online questionnaire: http://trade.ec.europa.eu/consultations/index.cfm?consul_id=216

This questionnaire consists of technical questions and aims at collecting practical experience of doing business with Mexico. The target audience is essentially European economic operators with trading experience with Mexico but the Commission appreciates technical inputs from any interested stakeholders.

The Commission would welcome your input and comments on these questionnaires by 25 January 2017. For any question please send an e-mail to: TRADE-EU-MEXICO-CONSULTATION@ec.europa.eu

The Commission would appreciate if Member States could disseminate this information to ensure that the opportunity to provide technical inputs reaches as many stakeholders as possible.
