1. ICC MODEL CONTRACT: JOINT VENTURE (ICC Publ. No. 780) 2018 edition

In complex transactions, international as well as national co-operation between companies require solid and balanced terms and conditions. ICC has prepared this Joint Venture Model Contract for use by small, medium-sized or large companies in order to provide them with a unique, balanced platform that is fair to all parties.

The model allows for a solid decision-making process, a clear allocation of participation and provision of resources, the need for swift and effective dispute resolution, and the need for complete and informed allocation of risks.

This publication includes a USB key which contains the full text of the model and its annexes, permitting you to easily adapt the contract to your specific case. If parties have no need to draw up a special contract of their own, they can use the entire model.

This new model was prepared by the Commission on Commercial Law and Practice of the International Chamber of Commerce.

The price of this valuable publication is estimated at €75.
