Greek Ecosystem

Pappados / Gera "Stories from the olive groves of Gera"

MODUSA is a Social Enterprise established in the island of Lesvos consisted of 60 active members / oil producers.

Its main products are olives and extra virgin olive oil, mainly of the 'Kolovi' variety, which is one of the best in the world, in terms of oil productivity, nutritious value and quality.

Modusa focuses on the linkages of people, landscape and products. Its vision is to develop more products and services in the sectors of agro-food, local manufacture and rural tourism based on the rich ecosystem and the unique olive culture.

Greek Ecosystem

ILIOTROPIO is a Social Cooperative with more than 100 members, activating in social and economic integration of people with mental health problems and learning disabilities.

Iliotropio provides specialized interventions within a fully organized therapeutic and supportive framework based on the principles of Recovery and the Individual Placement and Support Model, offering systematic scientific support to both the employees and employers.
