## **Cyprus – China Business Association Survey on China – related challenges and needs**

Dear members,

Cyprus-China economic and trade relations have been steadily improving in recent years and the amount of businesses in Cyprus which are keen to work more closely with China is larger than ever.

In light of this, **the Cyprus – China Business Association (CYCHIBA)** prepared a short survey to better understand your China-related **challenges & needs** and provide you with even more relevant **assistance and solutions** when embarking on new business ventures.

The following survey consists of two parts, has 12 questions in total and will take 5-10 minutes to complete. Part I addresses the challenges that you might be facing while Part II focuses on the needs and support you might have identified. To make the most of this survey and to help **CYCHIBA** provide you with the support that you need, we encourage you to answer the open-ended questions at the end of each part with as much detail or examples as possible.

Please click [here](#) to take the Survey.

Sincerely yours,
