LEBANON FUND

The Cyprus Chamber of Commerce and Industry and the Cyprus Lebanon Business Association express their sincere condolences to the people of Lebanon.

Our thoughts and prayers are with the families of the victims of the disaster.

In support, **we are currently in the process of setting up a “Lebanon Fund” and call upon our members to show their support to this noble cause.**

All money raised will be donated to the Embassy of Lebanon in Cyprus in October 2020 as a gesture of the support of the Business Community of Cyprus towards Lebanon. A list of companies/individuals that have donated will be given (not including the sum) to the embassy.

All interested individuals and companies that would like to donate are requested to fill in the intent form by clicking [here](#)

When the fund is approved by the Ministry of Interior, we will contact the companies and individuals that have shown interest to donate.
