

CIRCULAR

Nicosia 07 September 2021

To: All Interested Parties

From: Lia Riri, Secretary of the Cyprus National Committee of ICC

Subject: ICC Make Climate Action Everyone's Business Conference
01-13 November 2021 (ONLINE)

Dear Members,

We would like to inform you that the ICC is organizing the above mentioned event.

The clock is ticking to make the changes needed to stave off the devastating effects of climate change, and there is an urgent need to translate the aspirations and expectations into concrete outcomes. The "what"-net-zero emissions by 2050-must now come with a "how".

Policymakers have it in their hands to provide clarity on structural changes, regulatory frameworks, and financial incentives that businesses need in order to deploy the billions-even trillions in capital expenditure required to keep the global temperature increase to below 1.5 °C and to achieve net-zero emissions by 2050.

The Make Climate Action Everyone's Business Forum hosted by the ICC from **01-13 November 2021** will catalyse peer-to-peer discussions and frank exchanges between business leaders from small, medium-sized and multinational enterprises representing different sectors and jurisdictions; policymakers leading the UN negotiation process as well as local government representatives and UN agency heads.

This Forum aims to bring together 10,000+ participants from over 100 countries and will be organized around five key themes, focusing on critical issues to consider when developing the necessary regulatory frameworks and incentives needed to enable rapid decarbonization of the global economy.
