RESETTING THE GLOBAL ECONOMY
18-22 October 2021 (Virtual Event)**

Dear Members,

We would like to inform you that ICC Cyprus supports the ICC ITPW.

The ICC International Trade and Prosperity Week (ITPW) is an event that will take place from 18th-22nd October 2021 and this year's theme is **Resetting the Global Economy**.

The world's economy is at a critical juncture. Now more than ever, we need greater collaboration and co-ordination across global institutions, governments, policy makers and business to help minimize disruption and utilize this challenging time to rebuild a more inclusive, sustainable and greener economy.

ICC ITPW 2021 specifically addresses "how" organisations, companies and governments are implementing solutions that deliver more inclusive, sustainable and greener outcomes to build back better.

By focusing on practical global case studies and initiatives, international best practices will be shared with the aim of providing a set of practical policy takeaways that will be promoted widely and fed into policy forums at the UN, WTO and G20.
