«Cyprus Vision 2035: The path to Growth»

9 JUNE 2022

INTRODUCTION

On June 9, 2022, AmCham Cyprus will be organizing an event with physical presence under the theme «Cyprus Vision 2035: The path to Growth». "Vision 2035" is a long-term strategy to build a resilient economy for Cyprus, a sustainable growth model focused on reforming the economy through green and digital transition. At the same time, we need to navigate through the current economic challenges that make governments and business rethink their strategies.

AmCham Cyprus's priorities have been to leverage on the benefits of digital transformation and attracting more international tech businesses. An accelerated green transition is now becoming more and more important. The banking sector and the technology sector are strong pillars to navigate and towards growth.

Over the years, these events have been widely successful with outstanding speakers from businesses abroad and locally, offering their insightful knowledge and information. AmCham Cyprus events are attended by a large audience from AmCham and the wider business community.
