From: Lia Riri, Secretary of the Cyprus National Committee of ICC

**Subject: ICC INTERNATIONAL TRADE & PROSPERITY WEEK
BUILDING RESILIENCE IN GLOBAL VALUE CHAINS
17-20 October 2022 (Virtual Conference)**

Dear Members,

We would like to inform you that ICC Cyprus supports the ICC ITPW.

The ICC International Trade and Prosperity Week (ITPW) is a virtual event that will take place from 17-20 October 2022 and this year's theme is **Building Resilience in Global Value Chains**.

Once more we will be exploring the latest global economic trends by sharing views from international boardrooms, an expert roundtable on the roadmap for digital trade in 2023, as well as dedicated sessions on the new global biodiversity framework being agreed this year. Finally, we will be reviewing best practice from around the world on responsible business conduct, and how best to champion a global culture of integrity.

Join us for this **free, online and global conversation** on key international business priorities during this critical juncture of the world's economy. This discussion is more important than ever as we shift towards a more sustainable, inclusive and green global economy and as global value chains continue to feel the strain of real-world challenges.

ICC ITPW 2022 specifically addresses "how" companies, organisations and governments are addressing real-world challenges, and implementing solutions that deliver more inclusive, sustainable and greener outcomes for **Building resilience in global value chains**.
