

## **JOIN US FOR BUILDING BRIDGES**

Join us for an evening of networking and conversation with businesses and entrepreneurship organisations from across Cyprus.

Come down to the intercommunal hub next to the Ledra Palace Hotel (next to the Fullbright gate and "The Base" by CyprusInno) inside the UN buffer zone to visit informational stalls, participate in panel discussions and roundtables and for an opportunity to build new relationships and form business collaborations.

Find out about Green Line Regulation, business-related services, projects, trainings and funding opportunities. Hear about business-to-business successes and share your views on the picture for economic integration.

- This event is free and open to all. Register today from <a href="here">here</a>
- English-Turkish-Greek translation/interpretation support will be available.
