Subject: Promote Your Initiatives and Opportunities on MindsInCyprus.com

Dear Members,

The Cyprus Chamber of Commerce and Industry (CCCI) is pleased to inform you that the dedicated platform for the ***Minds in Cyprus initiative*** (www.mindsincyprus.com), developed as part of the Government's Action Plan for the Repatriation of Talent, is now fully operational. The platform aims to **connect highly skilled professionals**—particularly Cypriots abroad who are exploring the possibility of returning home—**with opportunities in the Cypriot labour market**.

As the success of this national initiative greatly relies on the active involvement of the business community, we kindly encourage you to share your highly skilled job vacancies. To ensure alignment with the initiative's target audience, we accept job positions with **an annual salary above €35,000**. By submitting your openings, you not only contribute to attracting talented professionals back to Cyprus but also gain access to a strong pool of individuals ready to support your company's growth.

You may submit your vacancies by completing the employer questionnaire below:

- **English** – [Submit Highly Skilled Job Vacancies ENG - Minds in Cyprus](#)
- **Ελληνικά** – [Submit Highly Skilled Job Vacancies GR - Minds in Cyprus](#)

There is no cost associated with submitting your positions, and by registering your vacancies are promoted in a targeted manner to professionals in Cyprus and abroad who join the platform.

In addition to employment opportunities, we would be happy to highlight any initiatives your company is undertaking to support Cypriots in relocating and engaging with the local ecosystem. Examples include **internship programmes, scholarships, graduate development schemes, training activities, CSR initiatives, and projects that enhance skills or create pathways for professional advancement**.
