**Subject: EU-Argentina Investment & Business Forum, taking place
from 1–2 June 2026 in Buenos Aires.**

Dear members,

We would like to inform you about the upcoming **EU–Argentina Investment & Business Forum 2026**, which will take place on **1–2 June 2026 in Buenos Aires**.

This Investment & Business Forum will provide an important platform to further strengthen economic relations between the European Union and Argentina, while highlighting concrete opportunities for investment and business cooperation in the context of the EU–Mercosur framework and the Global Gateway agenda. The event will bring together public and private sector stakeholders, investors, and business leaders from both sides, with the aim of fostering strategic partnerships and facilitating cross-border business engagement.

The Forum will focus on priority sectors such as (1) agriculture, (2) mining and critical raw materials, (3) energy, (4) digital infrastructure, and (5) sustainable transport. These areas present potential interest for Cypriot companies seeking to explore cooperation and business opportunities with Argentine partners.

Participation in the Forum will provide:

- High-level networking with EU and Argentine business leaders
- B2B meetings and opportunities to explore partnerships
- Insight into Argentina’s investment climate and sector-specific opportunities
- Engagement with key stakeholders shaping EU–Mercosur cooperation

We encourage interested members to consider this opportunity to explore Argentina’s dynamic market and to strengthen their presence in priority sectors of mutual interest.

Registration

Express your interest [HERE](#) or contact Mr. Tomas Gandini tgandini@mfa.gov.cy for further details.

Sincerely,

Anna Maria Vasileiade
