**From Space to Solutions: Leveraging Space Technology, Earth Observation
& AI for Real-World Impact**
8 June 2026 – The Landmark Nicosia

Dear Members,

We would like to inform you of an upcoming high-level forum entitled “**From Space to Solutions: Leveraging Space Technology, Earth Observation & AI for Real-World Impact**”, organised by the Cyprus Chamber of Commerce and Industry (CCCI), in collaboration with the ERATOSTHENES Centre of Excellence, under the **auspices of the Cyprus Presidency of the EU**.

The one-day forum will take place on **8 June 2026**, from 09:00 to 16:00, at The Landmark Nicosia. It will bring together European policymakers, space agencies, research institutions, industry leaders, and end-users to explore how satellite data, Earth Observation and artificial intelligence can be transformed into practical solutions for key sectors of the economy. The event will focus on applications in areas such as **agriculture, climate and environment, maritime and shipping, urban development, civil security and resilience, crisis management and digital innovation**.

The forum will feature **high-level panels, thematic discussions, policy reflections** and dedicated **B2B, B2G and Research matchmaking sessions**, offering CCCI members a valuable opportunity to engage with decision-makers, technology providers and international partners active in the European and regional space and innovation ecosystems. Further details regarding the full agenda of the event will be circulated in due course.

Interested members are kindly requested to submit their expression of interest no later than **25 May 2026**, by completing the online form [HERE](#), in order to proceed with the necessary arrangements.

Sponsorship Opportunities

CCCI members are kindly informed that sponsorship packages are available for this event. Sponsorship offers enhanced visibility, branding opportunities, and targeted networking with senior stakeholders from EU institutions, government authorities, research centres and industry. Members are encouraged to respond at an early stage, as sponsorship opportunities are limited. Further details regarding the Sponsorship Packages can be found below and members wishing to receive additional information or to explore sponsorship options are kindly requested to contact the Chamber.

For any further information, please contact Mr. Loukas Lingis l.lingis@ccci.org.cy or Ms. Lily Michaelides lily@ccci.org.cy , or call 22 889706 / 22 889772.

Sincerely,

Loukas Lingis
